TERMS AND CONDITIONS FOR THE PROVISION OF THE APPRENTICESHIP INCENTIVE GRANT

The AIG is intended to foster a highly skilled and mobile workforce to meet the needs of the growing Canadian economy. The grant is intended to increase access to apprenticeship in the Red Seal trades, and encourage progression through technical and on-the-job training requirements in the early years of an apprenticeship program, building momentum towards Red Seal certification.

DEFINITIONS

Advance Standing: The process in which an apprentice, on the basis of having significant prior learning (i.e. pre-employment program) and/or experience, may register in an apprenticeship program at an advanced level.

Apprenticeship Authority: For each province and territory, there will be a governing body in charge of apprenticeship. This body is usually a branch related to each provincial or territorial Department/Ministry of Education and Training. This body will have authority over training, regulation and certification of the apprenticeship program for their region.

Designated Red Seal Program Trade: A trade that has been designated by the Canadian Council of Directors of Apprenticeship for inclusion in the Interprovincial Standards Red Seal Program. The training and certification is based on a national occupational standard, and provinces and territories participating in the program for that trade or occupation are permitted to affix a Red Seal to the certificates of candidates who meet the standard.

Protected Person: Person who has reason to fear persecution in his/her country of origin due to race, religion, nationality, membership in a social group, or political opinion, selected by the Immigration and Refugee Board and Citizenship and Immigration Canada.

PROGRESSION IN APPRENTICESHIP

The program will provide a grant of \$1,000 per year to apprentices who successfully advance from one level to the next in the first two years of any apprenticeship program under the Interprovincial Standards Red Seal Program.

To demonstrate progression within your apprenticeship program, you need to provide proof of successful completion of the first year (level/block) in an eligible apprenticeship program in order to qualify for the first \$1,000 grant or successful completion of the second year (level/block) in an eligible apprenticeship program in order to qualify for the second \$1,000 grant.

Determination of successful completion of first- or second-level of an apprenticeship program will be made based on the requirements for your apprenticeship program in the province or territory in which you are registered.

GRANT AMOUNT

The maximum amount payable per eligible recipient per approved application is \$1,000 per year for each of the first two years of qualifying apprenticeship training. There is a \$2,000 lifetime maximum per individual.

BASIS AND TIMING OF PAYMENT

A lump sum payment, through a cheque or direct deposit, will be made upon approval of the application and verification of registration and successful progression through the first year (level/block) or the second year (level/block), as prescribed by the apprenticeship authority in the province or territory in which the applicant is registered.

TAXABLE INCOME

Under the Income Tax Act the grant paid to you is included as income for income tax purposes.

PAYMENT SUBJECT TO APPROPRIATION OF FUNDS BY PARLIAMENT

Any payment payable to you under this grant application is subject to the appropriation of funds by Parliament for the fiscal year in which the payment is to be made and to the maintenance of current and forecasted funding allocation levels for the Apprenticeship Incentive Grant program. In the event that the Government of Canada cancels this program or reduces its level of funding HRSDC may terminate its agreement to pay the grant or reduce the amount of its financial assistance payable under this agreement.

CONFLICT OF INTEREST

No member of the House of Commons shall be admitted to any share or part of this agreement or to any benefit to arise there from.
